

Threshold

Game Name: Threshold
Needed Tools: Dice
Learned: Can't Remember
Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

This game is very easy and can get you very wasted. For this dice game you need of course a die or dice, a cup, people, and alcohol. The first person (the shaker) puts the die and a quarter in the glass and begins shaking it at the person next to them (the shakee). The shakee then calls head or tails. If the shakee is correct the shaker has to drink the number shown on the die. If the shakee is wrong they have to drink the number on the die.
