

Beer Pong

Game Name: Beer Pong (Penn State Style) Needed Tools: 2 Ping Pong Ball, 6-8 Foot Table, & 14 Plastic Cups Learned: State College, PA (Penn State University) Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

Beer Pong is one of the best games ever played. You will have 2 teams of 2 people for doubles or 1 person per team for singles. Redundant I know but I have to explain the rules.

Setup: You will setup your beer pong cups (plastic cups usually 16 oz) on each end of the table in a Pyramid of four rows. Row 1 (Front) has 1 Cup, Row 2 (2nd Row) has 2 Cups, & Row 3 (3rd Row) has 3 cups. The 3rd row will be aligned on each side of the table with the back edge. Fill each of the cups with beer either 1 or 2 beers per side is the norm but you must decide the quantity before you play. You will also need one water cup per team to "rinse" the balls after they hit the ground.

Game: The object of the game is to hit all of your opponents cups before yours are finished. To start stand behind the end of the table and throw (not bounce) the pong ball into the opponents cup. You can lean up to 2 feet beyond the edge. If you put the pong ball inside the opposing teams cup they must drink that beer and rearrange their cups in the following order. Your teammate goes next and the same above rules apply. After you go the other team repeats the process. ** Please see rules below for making two in a row during the same round.

One Hit - (Row 1 = 2 Cups, Row 2 = 3), Two Hits (Diamond - Row 1 = 1 Cup, Row 2 = 2 Cups, & Row 3 = 1 Cup), Three Hits (Row 1 = 1 Cup, Row 2 = 2 Cups), Four Hits (Row 1 = 1 Cup, Row 2 = 1 Cup), Five Hits (Row 1 = 1 Cup) Six Hits (You Lost Drink)

You continue to play until all cups from one team are gone.

Special Rules:

If your team makes two shots in a row during one turn you get "the turn back" so you and your teammate get to go again. If you continue to get two in a row you continue to go until the game is over skipping the other teams turns.

THE LAST CUP: If you & your teammate make the last cup on the same turn the game is OVER and the other team must finish their beers & yours. If you make one shot of 2 on the last cup the other team gets two REDEPTION shots. If either teammate makes their REDEMPTION shot they the last cup is reset and you continue playing as if it was never hit. If BOTH teammates make the REDEMPTION shot that is considered your last cup and you must make one of two redemption shots to continue.
