

## Backgammon- Drinking Version

Game Name: Backgammon - Drinking Version  
Needed Tools: Backgammon  
Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

Another adaptation of board games, this one obviously to Backgammon. A pretty tame game, that just gets tamer. Play the game as usual. Any time one of your pieces gets sent to the bar, drink. As well, each time you take a piece off the board, drink again. Pretty straightforward.
