

Spoons

Fun way to get hammered..

Supplies: Alcohol, 4 players or more, 1 less spoon than amount of players, and a deck of cards

Deal 4 cards to each player. The dealer holds remaining cards. Flip over the top card if he doesn't need it he can pass it to the left or keep it and pass another card from his hand. You continue this routine until someone has 4 of the same cards (example 4 kings, or 4 2's).. Without saying a word the person who has the 4 of a kind grabs a spoon and everyone should follow their lead, the only person to not have a spoon has to drink as much as the winner says.
