

## in my mouth/in my pants

So this game is so simple. But it'll always make you have a good laugh.

You start off by getting totally trashed, and once you get there and your at the point where everythings funny to you. you tell everyone that after everything they say at the end they have to say "in my mouth" or you could use "in my pants".

ex. ("i want you to come with us.....in my pants")

you'll find yourself laughing your ass off ;) enjoy.
