Booze Bomb Playing Instructions: Step 1: Gather friendsStep 2: Secure beveragesStep 3: Launch Booze BombStep 4: Try to be smartStep 5: Try harder to be smartStep 6: Watch out for the "bomb"Step 7: Repeat Booze Bomb is a trivia based drinking game from your friends at Appetyte. It's simple, get a question right -- pass the iPhone/iPod Touch to the next player, get it wrong -- keep trying until you get it right. Whoever is holding the iPhone/iPod Touch when the "bomb" goes off has to drink! Think Hot Potato + Trivia + Drinking. If that doesn't add up to good times, we don't know what does! Choose from 10 different trivia categories, with new questions added all the time (in case you actually remember any from previous go-arounds). The library is automatically updated from the web so you don't even need to update the app to get new questions.
