

# Bullshit

Game Name: Bullshit  
Needed Tools: Deck of Cards  
Learned: State College, PA (Penn State University)  
Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

Bullshit should have 3 to 6 players. All players will sit in a circle, the dealer will deal out the entire deck to all players. The object of the game is to get rid of all your cards. Starting with aces, the first player lays down the number of aces they have, stating the number of cards. If you want to win you are going to have to be a good bluffer. If you don't have the card and think you can get away with it lie.

If someone thinks that you are lying, they say "Bullshit!" If that person is right, you drink an amount proportional to the number of cards in the stack; lots of cards already played = lots of drinks. However, if you were honest in your play and someone says "Bullshit!" that person ends up drinking the prescribed amount.

Play starts with aces, then goes on accordingly, through kings, then repeats back to aces.

If you are caught bullshitting or falsely accuse someone of bullshitting you must drink the amount proportional to the number of cards in the stack!!!

Continue playing until someone runs out of cards.
