

## Dominoes - Drinking Version

Game Name: Dominoes - Drinking  
Version Needed Tools: Dominoes  
Learned: Can't Remember  
Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

This is a deviation from the normal dominoes game. All players must drink each time a piece is played. If the player needs to draw from the pile they must drink the amount of that domino. Good luck with the double blank. At the end of each game the players must drink the total remaining in their pile. If you want to make it more fun the winner can automatically give away 10 drinks to whom he/her chooses.
