Rules: Break into teams of 2 players and use the best ball approach. If both team members finish their beer it is scored as a birdie, if both team members finish two drinks its a hole in one, if only one team member finishes their drink it is a par, if neither team member finishes their drink it's a bogey, if neither team member has a drink it's a double bogey.. The team with the lowest score after the 18th "hole" has been finished wins the round.... at least until the morning...
