

Shotgun

Game Name: Shotgun
Needed Tools: Cans of Beer
Learned: Unknown
Drunk Level: Getting Started, Buzzed, Drunk, Hammered, Shit Faced

All you need to do is have two- ten players and cans of beer.

Hold the beer on it's side with the top facing down and puncture a hole in the bottom /side with a knife or keys (be careful beer & knives don't usually mix) Put your mouth over the hole and turn the can so the cap is at the top. When you are ready flip the cap and chug the beer. Again be careful as the hole will be sharp and WILL cut your lip or more if you are not careful... Have Fun...
